TALLWOODS
Country Club

The Board has created a monthly event, (“Tallwoods Dragon Day”) to be played on the second Saturday of each month, where Tallwoods Country Club is presented to Members and Visitors in its best possible condition.

The initiative is hoped to create a partnership between Greens Staff and Volunteers to raise all holes to above 70% Performance Index Level by 1 October 2021.

The TPI is designed as a working tool to show Course condition over time to Owners, Members, Green staff and Visitors.

The Entry Area and each Hole is given a rating out of 10 for each of 8 areas.

Hole areas include: Tees, Fairway, Rough, Bunkers, Green, Paths, Tee Surrounds and Green Surrounds.

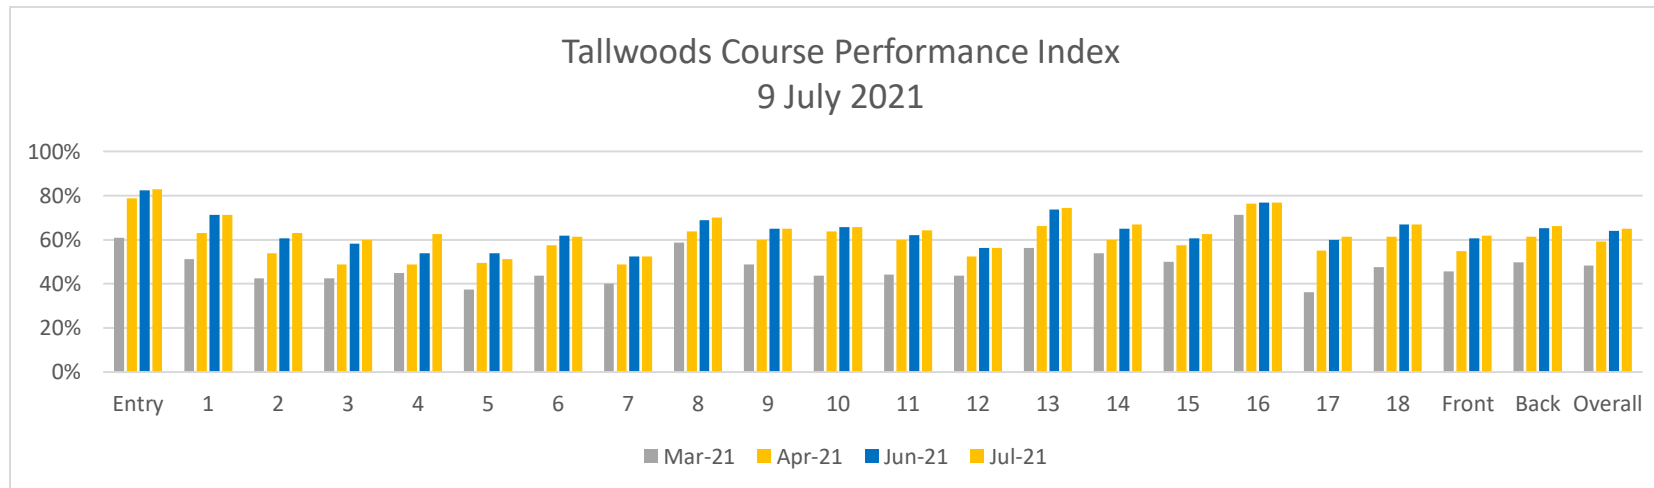

The aggregate is then presented as a percentage.

Tallwoods Course Performance Index 9 July 2021

The third Tallwoods Dragon Day sponsored by Hallidays Point Tavern, took place on Saturday 10 July 2021 with a reduced field of 28 hardy souls braving the rain and wind.

On Friday 9 July 2021 Saxon Williams and Richard Jones audited the course over a 2 hour period and the results are in!

Despite continued weather events which have seen volunteer days cancelled, the course has continued to improve through great work from the Greens staff.

Summary:

14 holes now above 60%!!!!

Tallwoods Performance Index (TPI) shows that we now have 14 holes now with a TPI rating above 60%.

In January to March, only the 16th hole had a rating above 60%.

80% ++: Entry Area including the Café, Practice Areas, Hedges, Tallwoods Sign

70-79%: Hole 1, 13, 15 and 16

60%-69%: Holes 2, 3, 4, 6, 9, 10, 11, 14, 17, 18

50% to 59%: Holes 5, 7, 12

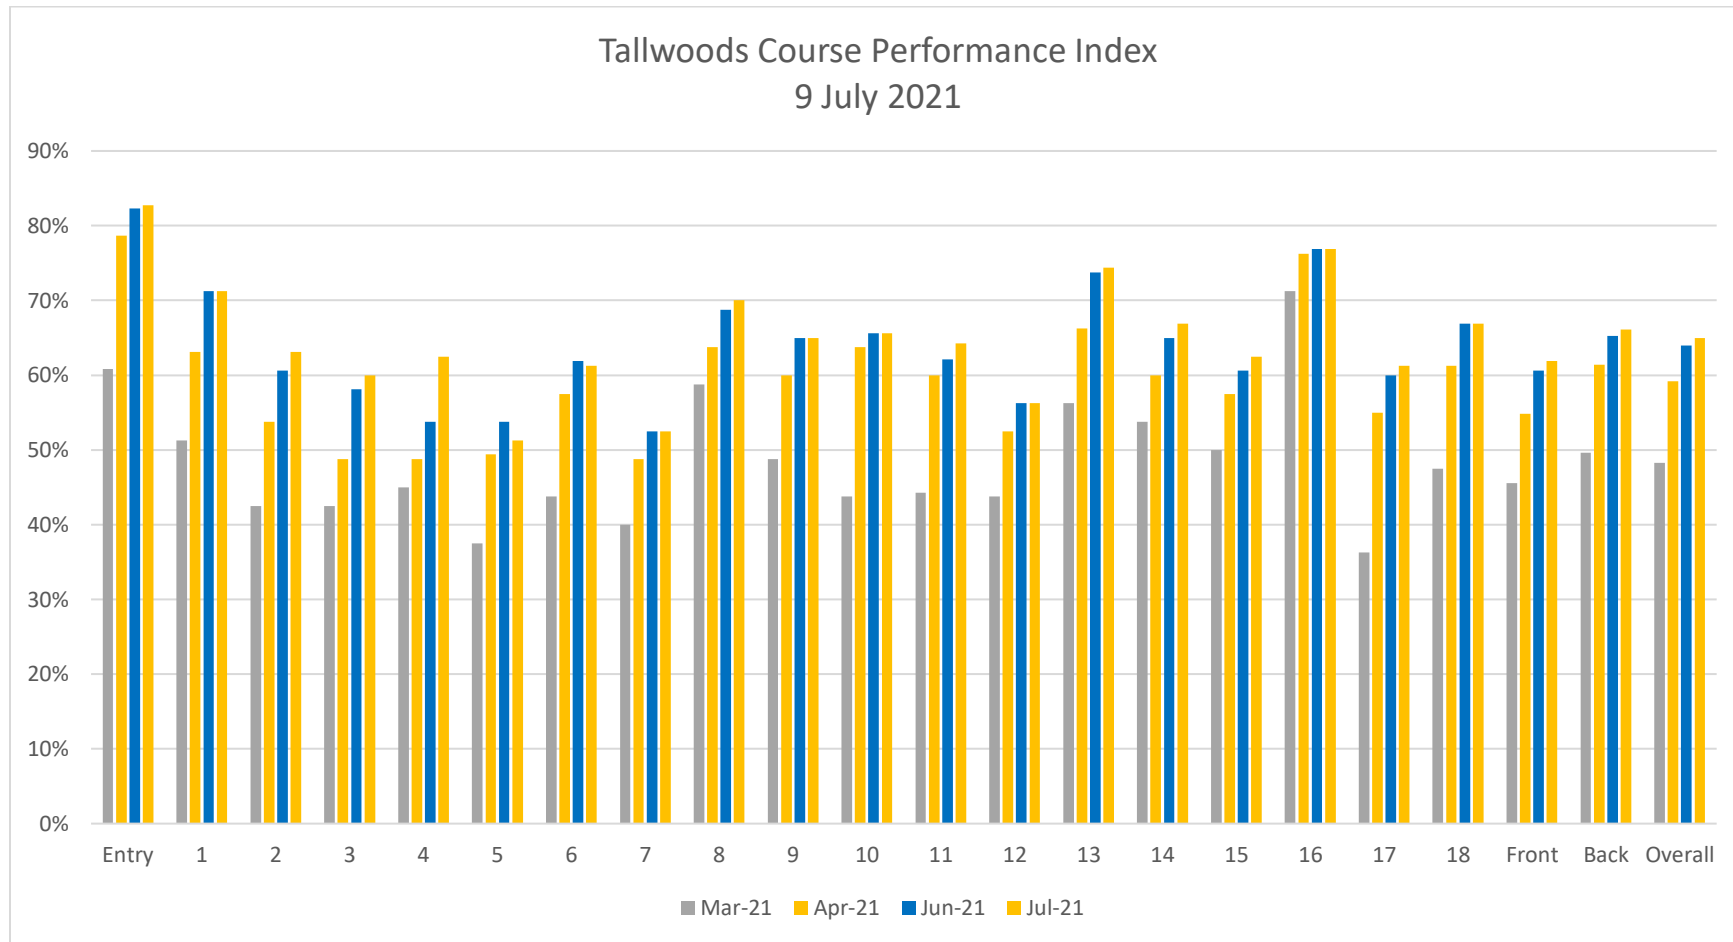

40% to 49%: 0

Most Improved: Hole 4 improved +9% to 63%.

The weather events over the last few weeks have seen volunteer work hours plummet to only 32 hours for the month 11 June to 9 July!!!

Notes: Major Achievements: Plenty to report on at the Entry Area. Welch's Log has been resurrected and is a new feature at the newly laid putting green. New distance signage has been placed on the practice fairway. New retaining wall work around putting green has commenced and foundations of the Chapel have been laid. North-East of round-a-bout has been cleaned up. Daily Blow vac of tunnel and paths has made the area far more presentable, hedges trimmed and garden beds maintained, Tallwoods sign restored, practice nets cleaned up, High pressure cleaning of walls and steps has put life into stone work, rose garden has been restored and weeded.

To do: Carpark garden needs to be cleaned up. Cleanup Old Welch's Log area. Cleanup of residual of the destroyed building remains.

In General: Entry has improved from 82% to 83% which is outstanding.

Notes: Major Achievements: Bunkers a major improvement with weed removed around bunkers to create a well finished definition. . Carpet grass and weed has invaded green which is being addressed.

To do: Morning glory has taken over the 1st Tee Surrounds. There is a major rut in the middle of the fairway that needs filling in. Many balls are being lost on the first shot in the flooded area to the front of the first tee. Hopefully it will dry out and be mown asap. Weed invasion on 1st green.

In General: Continuous improvement of Hole 1 up to 71% - Congratulations!

Notes: Achievements: The bunkers continue to improve and the green surround has improved markedly. Poisoning of long grass and weeds has taken place and been cut back. Path roped off to carts near green helping to restore green surround. Tee surrounds have been poisoned.

To do: Further roping needed to prevent carts from destroying green surround to right of green. Rough area between the 3rd and 4th need a massive effort to bring back into condition. Path has been roped off in front of green side bunker where carts have been destroying the green surround. Rough short Right off tee is out of control and needs poisoning.

In General: Up from 54% to 63%. Overgrown rough to right and left in front of tee needs major effort.
